

Be a Supermodel for a Day at Le Boudoir Studio

Written by Christina Silvestri

Ditch the jeans and sneakers to be a flawless supermodel for a day.

Professional boudoir photographer Jodi Lynn Maxwell believes that every woman deserves to look and feel her best. Whether you choose to be sexy or sweet, Maxwell and her all-female team at Le Boudoir Studio in Tempe make it a priority to consult with clients to create the ideal look they want to achieve.

One of Le Boudoir Studio's most popular offerings is the Supermodel for a Day package.

On the day of the photo shoot, sit back, relax and get glamourized by a professional hair and makeup artist before going into the professional boudoir studio to shoot with Maxwell.

During the photo shoot, Maxwell creates a fun and comfortable environment where clients feel confident and at ease to shine in front of the camera. All lights are on you as you embrace your inner bombshell and play dress up with six different outfit changes and three separate professional hair and makeup looks.

Maxwell employs her expert photographer's eye to coach you throughout a variety of looks and poses that will accentuate your best features so you can get the ultimate supermodel experience without any pressure of "working it" in front of the camera solo.

Imperfections, like blemishes, under eye circles and skin softening are carefully edited and airbrushed with a judicious hand to enhance and reveal your natural beauty.

The result is beautiful and stunning photos that look like they're from the pages of a glossy magazine.

The entire Le Boudoir Studio Supermodel for a Day package includes:

- Photo session with 6 outfit changes (you bring whatever you feel most beautiful and sexiest in)
- 3 separate professional hair and make-up looks
- A custom 10 x 10 Flush Mount Album
- One 12-month calendar
- A \$100 credit toward any product or extra album pages
- A USB of all of your images included, 8x12 resolution

Watch the magic happen in this behind-the-scenes video of Le Boudoir Studio's Supermodel for a Day package:
