

Kimpton Acquires Sedona Property

Written by Melissa Larsen

Kimpton Hotels & Restaurants (you might know the brand from its uber-hip Valley properties, FireSky Resort in Scottsdale and Hotel Palomar in Phoenix) have added a new property: Sedona's luxe Amara Resort and Spa. This is Kimpton's first property in Northern Arizona.

Amara, which is already known for its laid-back, contemporary atmosphere, great spa and close proximity to the babbling Oak Creek, is now kicked up a notch with Kimpton's style and playfulness that includes, animal print robes, secret passwords and nightly wine receptions. www.amararesort.com.
