Written by Editorial

[West Elm](#) will open a brand-new location inside the revitalized [Uptown Plaza](#) shopping center in the heart of central Phoenix this summer. This is West Elm's first Phoenix store and second Arizona location (the first is found at Scottsdale Quarter) for the Brooklyn-based company. West Elm at Uptown Plaza plans to bring approximately 30 jobs to the neighborhood. A selection of Arizona-based makers and designers will sell their products in the store's assortment of modern furnishings and décor as part of the [West Elm LOCAL](#) program. Additionally, West Elm at Uptown Plaza will offer West Elm Style + Services to support customers in their journey to express their personal style at home.
