

Parents Name Baby "Like" After Facebook Feature

Written by Arizona Foothills Magazine

EXTRA EXTRA!

People may make fun of celebrity baby names like Gwyneth Paltrow's daughter "Apple", Alicia Silverstone's son "Bear Blu" and Mariah Carey's son "Moroccan". But even those seem tame in comparison to this: An Israeli couple recently named their daughter "Like" Alder, after Facebook's "Like" button.

The couple recently told Israeli news source Galgalatz they chose the name because they "liked" the way it sounded and found it "modern and innovative." But surprisingly, the Dad Lior Adler doesn't spend much time on Facebook, and has fewer than 120 friends on the site.

Her sister's names? Pie and Vash.

Do you "Like" or "Unlike" the name?
