Scottsdale Community Supports Arts, Local School

Written by Melissa Larsen

[Vi at Silverstone](#), the a luxury senior living community in North Scottsdale, recently hosted an event that brought to together generations in appreciating the arts and raising funds for a worthy Valley school. Vi invited Notre Dame Prep art students and Phoenix Art Group for a fun art competition. The students created memorable works of art over the course of a year, and Vi residents then voted for their favorites. The artists behind the winning pieces received prizes. Perhaps best of all, Phoenix Art Group donated a piece of art to be raffled off and the proceeds of the raffle benefited Notre Dame.
