4th of July White Chocolate Strawberries

Ingredients:

- 1 pound of strawberries
- 1 12oz package of white chocolate chips
- 1 container of fine blue sugar sprinkles

Directions:

- Melt the white chocolate chips slowly in a double broiler stirring constantly. *
- When the white chocolate is melted, dip the strawberries $\frac{3}{4}$ of the way up covering the bottom $\frac{3}{4}$ of the strawberry.
- Next, dip the chocolate covered strawberry in a bowl of blue sugar sprinkles covering half of the white chocolate in blue.
- Place on wax paper and let cool.

*If you don't have a double broiler, all you have to do is fill a saucepan $\frac{1}{2}$ way up with water and boil over the stove. Then place a glass Pyrex dish over the boiling water and add the chocolate chips.
