

The countdown is dwindling down and us adults are under pressure to finish Christmas shopping for all the kids on our list. We know it can be especially stressful purchasing gifts for a children's demographic that you're not familiar with. For instance, all I really know is what a nine month old girl wants. So, we've researched the coolest tot gifts so you can finally check those names off your list. Grab your wallet for some final online shopping.

Ready. Set. Go.

Freshly Picked Heirloom Baby Moccasins in Cream and Gold

A celebrity favorite perfect for the glam girl in training, these super stylish moccs are 100% leather and feature a unique design with elastic at the opening. These tot-must-haves are easy to put on, easy to take off and most importantly, stay on your child's feet. The soft-soled shoes come in many colors, are made with durable leather and are suitable for infants and toddlers alike. Moccasins fit true to size and are available in children sizes 1 - 10.

The Sweet Messages Photo Bug by TOMY

The first-ever talking photo album for babies, ensuring loved ones are never too far away. It holds up to eight pages with the unique ability to record a special message for each photo. It's a great way for distant relatives to become familiar faces and voices as baby grows up as they can hear their messages at the touch of a button. There are also two cute sound effects that are triggered when the album is shut: an authentic camera click and a baby giggle. The Sweet Messages Photo Bug also stands up so when it's not in use--it doubles as a photo frame.
