

PHX Architecture 6th Annual Summer Camp

Written by Christina Silvestri

It's almost that time of year again – Summer! And you know what that means...it's time to register your teens for PHX Architecture

Summer Camp!

Each year PHX hosts an educational summer program for High School and Junior High School Students to learn more about

architecture and decide whether or not a career in it is right for them.

PHX Architecture 6th Annual Summer Camp

Written by Christina Silvestri

This year the camp will be two weeks long, held from June 9th – June 20th (Monday – Friday, 9am – 2pm). In this camp Students have the

opportunity to learn about all aspects of an architectural career from the professionals. Our diversely talented Architects will take their time to

help the students to learn about career development, space planning, Green Architecture, hand rendering, 3D modeling, AutoCad drafting,

Photoshop/InDesign programs, project management, and business strategies. Students will also get to visit construction sites, tour ASU, and

Taliesin West! This comprehensive, hands-on learning experience will be just what they need in order to decide whether a career in architecture

is right for them.

If you or anyone you know is interested, please contact PHX Architecture at 480.477.1111 or jaclynm@phxarch.com.
