Written by Christina Silvestri

The addition of a welcoming and refreshing home fragrance is an easy way to update your living space.

Just in time for spring, Gold Canyon has introduced a new assortment of quality candles and fragrances that come in a myriad of long-lasting scents that smell amazing as they look.

Vanilla cake, butter and coconut mix together in the delicious-smelling [Birthday Cake Lumie](#) (\$24.27) that will fill up the room and make your friends and family think you just baked.

For the perfect scent to welcome spring, the revitalizing [Blueberry Tangerine Ogee](#) (\$13.98) is energizing with notes of blueberry, orange, vanilla and musk.

Fiery and vivacious notes of cinnamon, spice and mahogany make for a bold scent despite its "Teenie" size in the [Red Hot Cinnamon VoLight](#) candles (\$12.48), while the [Extreme Medium Heritage](#) candle (\$16.75) breathes notes of clean air, mountain laurel and silver birch into a stuffy room.

Beyond candles, Gold Canyon's Scentric wall plugins elicit a subtle scent that will enliven any space. The sweet and tart [Apple Spice Scentre](#) (\$9.97) features notes of apple, lemon and sandalwood that welcome warmer weather.

Based in Chandler, Gold Canyon has delivered quality scents and home décor nationwide with the motto "Friends, Fragrance and Fun" since 1997.
