

Luxury Apartment of the Month: San Privada in Gilbert

Written by Christina Silvestri

Gilbert residents can look forward to the opening of a brand new luxury living community in July.

The all-new residencies at San Privada will boast stunning carriage homes that average 1,087 square feet. The Mark-Taylor Next Generation community features a controlled-access gated entryway that lends residents the luxury of retreat and privacy. Each one-, two- or three-bedroom home features an open kitchen with top-quality granite, distressed plank flooring, custom cabinets, bar-top seating with pendant lights, and oiled bronze fixtures.

San Privada residents can enjoy the community's own resort-style swimming pool with sundeck, poolside cabanas and wet bar, whirlpool spa, and on-site fitness center that features a separate spinning studio, among other amenities. Furry friends are more than welcome, though certain breed and weight restrictions may apply.

Rates start from \$899 per month for an 825-square-foot one bedroom with one bath apartment to \$1,914 per month for a 1600-square-foot three bedroom with two bath residence.
