

Art & Furniture Design Collide at Brown Jordan's 'Color Your Life' Event

Written by Christina Silvestri

Learn how to reinvigorate your outdoor living space with a mix of curated art and furniture design at Brown Jordan's Color Your Life event.

All are welcome to attend the special event on Thursday, May 18, from 9 a.m. to 10:30 a.m. at Brown Jordan's Scottsdale Quarter store. Enjoy light refreshments as local artist Kathleen Hope discusses inspiring ways on how to incorporate color and design through complementary art and furniture to liven up your outdoor space.

Hope is a Fountain Hills-based mixed media artist whose work is influenced by interior design and color psychology. Working with cement as her central medium, Hope is known for her artistic cement mixes that utilize such diverse materials as dried pigment, paper, plaster and marble dust, to create a textured layering effect.

As Arizonians, we tend to spend a lot of our time outdoors. There's no reason why your outdoor living space shouldn't be as inviting and comfortable as the interior design of your home. Whether you're looking to completely redo your outdoor space, or are simply interested in learning about outdoor design, come and be inspired by the experts at Brown Jordan.

As the leading name in luxury outdoor furniture since 1945, Brown Jordan offers beautiful, high quality furniture that complements any home design, from the elegantly traditional to the eclectically modern. Whether you wish to create an intimate desert oasis or a grand space to host and entertain, Brown Jordan at Scottsdale Quarter has all of your outdoor furniture needs covered.
