Jane Seymour- painter, actress and philanthropist extraordinaire- will be at Champagne's Home Decor May 30 for a book signing!

The multi-talented [Seymour](#) will exhibit her many skills at the luxury home shop. Seymour took on painting years ago, as a response and part of making it through a personal challenge- her beautiful fine art will be on display for the event. Also an author of self-help, home decor and other genres of books, Seymour will be signing copies of her titles for interested guests.

And because Seymour is the International Ambassador for Childhelp, an organization that focuses on treating and preventing child abuse, 10 percent of the proceeds of items purchased will go to the Childhelp organization.

This event is free and open to the public. Guests will receive champagne, appetizers, prizes and more.
