Why do we keep getting freebies at this Old Town bar?

We thought the bartender had a crush on us, but it turns out a lot of people are getting a lot of free stuff at Saddle Ranch. Shots, Coronas...we're handed something for free each time we walk through those swingin' saloon doors. Today, a client told us she heard every person who enters the bar HAS to get something free as a rule. Is this true? Have you gotten Saddle Ranch freebies?
