

Barbie Girl: Miu Miu Glitter Finish Patent Leather Sandals

Written by Claire Perkins

Barbie Girl

I thought these Miu Miu Glitter-Finish Patent-Leather sandals would be a good pair to write about this week, but now as I look at them I can't even think of what to say. They kind of speak for themselves.

They're reminiscent of the Christian Louboutin pair he [made for the 50th Barbie anniversary](#), which I was equally as obsessed with.

What would you even wear these with? I think anything.
