At Westward Look, lazy summer days were made for lounging by one of three sparkling pools, taking a refreshing dip, or enjoying a tasty treat at Oasis, the resort's poolside bar & grill. Summer relaxation finds even more inspiration at the Sonoran Spa, where pampering desert-inspired treatments – from massages to manicures – soothe and revitalize. Take advantage of seasonal spa specials or put together the perfect, personalized treatment package with the rejuvenating Spa Tapas menu.

Up for some fun? Try out one of eight championship tennis courts framed by breathtaking mountain views. Five courts are lit for cooler nighttime play. Outdoor adventurers can enjoy on-site hiking, biking and horseback riding trails. Guests can explore the beautiful specialty gardens like the on-site chef's garden and hummingbird garden, stargaze through a high-powered Celestron 2000 telescope, or borrow binoculars and go birding.

Looking to learn something new? Stroll through the Tinaja Desert Gallery to gain insight into how the native peoples harvested the fruit of the giant saguaro, made rope from the agave and wove baskets from willow and devil's claw.

Taste buds need a treat? Enjoy a delicious dinner accompanied by tranquil mountain and city views at one of Westward Look's two on-site restaurants. GOLD features innovative contemporary American cuisine with a touch of desert-inspired flavor, while Lookout Bar & Grille serves up comfort food for the whole family in a casual, easy-going atmosphere.

At the end of an adventure-packed or luxuriously relaxed day, retreat to a cool, spacious and comforting suite featuring a private patio or balcony, a 42-inch HD plasma television, high-speed wireless Internet access and a Sealy Posturepedic® pillow-top mattress. For the ultimate in relaxation, escape to a Westward Look Stargazer Spa Suite, featuring a private outdoor freshwater hot tub.
