

Disney Princess Purse: Miu Miu Top Handle Bag

Disney Princess Purse

If Sleeping Beauty were not a fictional character, alive today and a label-lover, she would be carrying this **Miu Miu Top Handle Bag**. Could it look more medieval Disney Princess?

This is a satin handbag, smocked with hand-stitched details and with a polished gold hardware handle and snap-lock. Believe it or not, it's not as teeny as it looks- it's 9.4 inches across, which means you can practically jam your iPad in there.
