

It's that time of the year again when proud alums, supportive families, and enthusiastic Tucson residents converge on the University of Arizona's campus to celebrate Homecoming. This tradition dates back to 1914, giving UA the honor of being one of first universities to host homecoming festivities.

This year marks a very important celebration in Tucson—Wilbur Wildcat's 50th birthday! The beloved mascot was created in 1959 to replace the live desert bobcat UA previously used. The Wildcats defeated their first Homecoming opponent, Pomona College, by a score of 7-6 on Thanksgiving Day. We've provided a rundown of some this weekend's Homecoming activities.
