Heat-A Blow Dry Lounge in Tucson is the perfect place to get hair and make-up done before a party, wedding, date, or any other special event. Heat is also a great place to pamper yourself-special occasion or not. Now, Heat is offering new services that will make the experience even more fun!

Heat is offering Eye Lash Extension services starting on Monday, January 28. Along with a wide range of blow outs and make-up services, you can now get those sassy eye lash extensions all at the same place! The extensions are single strands of synthetic eyelashes that are curved in order to replicate your natural eyelashes.

The extensions will enhance your natural facial beauty with longer, thicker lashes. The extensions last 3-4 weeks and then require fills. Those interested in getting the extensions should make an appointment today, as these services require an appointment. A full set of extensions costs \$245, while fills cost \$65 each.

The exciting addition of eyelash extensions is only part of all the services that Heat has to offer. As Tucson's first blow dry lounge, Heat attempts to "glam you up" in an approachable, affordable way. Services include a variety of blow outs from sleek and straight to bouncy and curly, make-up refreshers, full make-up application, and a Mini Heat package for children under the age of 12.

With an array of glamorous services, affordable costs, friendly staff, and an accessible location on River Road, Heat-A Blow Dry Lounge is calling your name! Call 520.299.4328 for questions or to book an appointment.
