Socks for Seniors:

A community service project to help senior citizens keep their feet warm this winter.

For 10 years, Socks for Seniors, a charity organized by a husband and wife put together a drive to collect new socks to donate to nursing homes. They distribute all sorts of socks to the elderly to keep their feet warm during the winter.

The charity started in 2002, and has spread tremendously over the years. Many families have got involved to help, and has become a nationwide network. Hosting events like sock hops or sock drives to help with participating in the charity has been a great way of helping out.

This holiday season would be a great opportunity to help out and get involved in charity. It's an easy low cost project for the entire family. It's also a fun way for everyone to get involved in their community, and meet the senior citizens. No one wants to feel left out during the holiday season, we can't forget about the elderly who are in nursing homes for the winter season. This charity is a perfect opportunity to come visit and meet some of the people who may not have family in town or have not been in the holiday spirit. Anyone can help, the more the merrier!

The Socks for Seniors is always looking for help, whether it's a donation or someone who wants to get involved. Join the Socks for Seniors this holiday season and give back to the elderly.
