In an unprecedented partnership, Sleep America, the largest mattress retailer in Arizona, and Tempur-Pedic, the most highly recommended bed in America, have donated over \$300,000 worth of mattresses to Arizona charitable organizations throughout the state. The new beds will offer a great night's sleep to UMOM, the largest homeless family shelter in Arizona, the US Vets Home, Phoenix Dream Center-The Rescue Project, Habitat for Humanity, and the Boy Scouts of America Camp Geronimo.

Tempur Sealy International, Inc. (NYSE: TPX) is the world's largest bedding provider. Tempur Sealy International develops, manufactures and markets mattresses, foundations, pillows and other products.

Later this year, the partnership anticipates donating a similar amount of beds to other worthy organizations. "We are thrilled to have another opportunity to give back to our community", noted Debbie Gaby, President of Sleep America. "This new partnership will benefit hundreds of people in need so they may get a better night's sleep. It is our dream that they will be rejuvenated and build a better tomorrow for themselves and their families", she added.

With over 45 locations and 150 employees statewide, Sleep America is the largest mattress retailer in Arizona celebrating their seventeenth year in business. Since its opening, Sleep America has proudly donated, in various ways, to over 500 different organizations.
