It's the time of year to celebrate your favorite lady: your mom. Not sure what to buy her? Here are a couple ideas:

No. 1 Cheerleader

She has always been the first one to cheer you on in everything that you do. She's been to all the soccer games and dance recitals. The Lanvin Pompon Rabat Saddle Shoulder purse in salmon is perfect for the stylish cheerleader mom. Its bright coral color will make sure she livens up any room and the little silk pom-pom on the side is a tiny reminder of all the times she's been your biggest fan. \$1515 www.barneys.com

Fresh as a Daisy

Any girl of any age loves to smell pretty. Get mom a perfume set that is just as fun and feminine as she is with the Marc Jacobs 'Daisy' Spring Gift Set. The gift set includes an eau de toilette spray, body lotion and two bath fizzles, all exuding the floral scent. \$80 www.nordstrom.com

Precious Moments

A mom and her children share so many picture-perfect moments that it would be impossible to frame them all over your house. Your walls would completely disappear. Luckily with digital picture frames you can display numerous photos at once with a slideshow. The Digital Spectrum 10.4-inch Wireless MemoryFrame has even more than your typical digital frames. It has wi-fi connectivity so if you'd like to add photos from a friend's Facebook page you can. \$260 www.saksfifthavenue.com
