A new Mercedes-Benz has hit the Valley roads and it will drive you crazy. Look out for the C-Class C-300 Luxury Sedan, C-300 Sport Sedan and C-350 Sport Sedan, all tricked out with the latest bells and whistles. Whether it's the slick leather interior, the V-6 engine or its luxury body styling, prepare to be stunned.

Its navigation technology is anything but ordinary containing Zagat Survey ratings for restaurants, hotels and a variety of other venues right at your fingertips. Expect detailed driving directions with SIRIUS Traffic's real-time traffic conditions on a seven-inch LCD screen.

Driving never felt this good with the central controller located on the center console. It's a Mercedes-Benz original feature encouraging safety and convenience with the swivel of a dial. The dial controls audio, communication and the navigation system.

The voice control system is straight from the future, deciphering words and sentences without the driver having to lift a finger. The audio system is a top-of-the-line Harman/Kardon LOGIC7 DSS System providing the cabin with 12 speakers, 450 watts of crisp audio and the richness of a subwoofer.

Turn your backseat into a movie theater with the Rear-Seat entertainment system. Models containing a multimedia package have Dolby Digital 5.1 surround sound giving you and your passengers the ultimate experience in audio and DVD video. It includes two 7" screen located on the back of each headrest along with an easy-to-use remote control. Audio plays through wireless headsets to eliminate driver distractions and an SD-Memory Card is incorporated into the player along with USB-Drives for connecting external accessories.

C-Class models all have the signature Mercedes-Benz appeal decked out with classic proportions, chrome grille, aerodynamic qualities and panoramic sunroof. Luxury is taken to another level with the elegant, hand-polished Burl Walnut trimming on the doors and console along with hand-fitted leather on all seats, armrests and door panels.

Certain models used by the golf pros last week at the Phoenix Open golf tournament are available at a special discount throughout the month of February. C-300 Sport Sedans, GL Models and ML Models are among just a few available with this special offer.
