One of the most beautiful and highly awarded private golf clubs in North Scottsdale, Mirabel is offering new members thousands of dollars worth of reasons to join now.

As if the spectacular Tom Fazio golf course, Har-Tru tennis garden and stunning 34,000-square-foot Desert Lodge Clubhouse weren't enough, new members to Mirabel will *pay no club dues until November 1, 2012!*

That translates into a savings of \$10,350 for new Golf Members who join in February. Simply said, the sooner you are accepted for membership the sooner you start saving and enjoying all that Mirabel has to offer.

To make a membership even more compelling today, [Mirabel](#) has announced an increase in their initiation fee for Non Equity Golf Memberships by \$5,000 to \$55,000 on May 1. Equity Golf Memberships are available at \$85,000.

The [Mirabel Experience](#) is something special and a "must-see" even without this limited-time offering. Eighteen holes of magnificent desert scenery and mountain vistas make playing this Tom Fazio golf course a most memorable experience for any golfer. Mirabel offers exceptional fine and casual dining in the beautiful indoor/outdoor settings of the expansive Frank Lloyd Wright inspired clubhouse. A resort-style pool with private cabanas, state-of-the-art fitness facility, luxurious spa and a Har-Tru tennis garden are complemented by a membership known for its friendliness and fun-minded spirit.

[Mirabel's](#) new under-40 Executive Membership is an exciting addition to the Club's Golf and Social Membership offerings and is yet another advantage to being under 40! Be sure and ask about it if you qualify.

Not to be understated in today's private club environment, [Mirabel](#) is in solid financial condition. A rare find, Mirabel is debt-free, member-owned and member-controlled. In keeping with their commitment to their members they continue to invent value added services when so many clubs have been scaling back.

[Mirabel](#) membership is limited to maintain the intimacy of the club. Property ownership within the community is not required for membership.
