Do you have a little one who loves Tinker Bell? Sarah is a huge, huge fan and we own all the movies - or we did until recently! The latest Tinker Bell movie, Secret of the Wings, is a fun story with a twist (spoiler alert: Tink has a sister!) and along with some great merchandise from JAKKS just in time for Christmas.

Part of the magic of the new movie is how Tink's (and Periwinkle's) wings sparkle - and your little one can have the same experience at home with the Disney Fairies Magical Light Up Wings (Ages 3+ \$19.99). These wings are lightweight and durable - they bend and are pretty much kid-proof. As you can see in the photo above, Sarah was climbing the tree with her wings and they hold their shape and didn't rip! Plus, the best part is when you push the little button on the back!

They glow in every color you can imagine! They're absolutely gorgeous and Sarah is in love with them - and for the record, Jeremiah likes them, too! I love finding toys that encourage imaginative play that are durable and long lasting, don't you? (Want to share your favorite imaginative toys? Join the [conversation on Facebook!](#))

JAKKS is also having a fun contest to celebrate sisterhood and the special bond sisters have - the grand prize is a trip to LA, a tour of the Disney Fairy Studios, and more! Check out [JAKKS on Facebook](#) to learn more and enter the giveaway.
