Sharla Mortimer says:

"I love to see children's eyes light up after choosing the perfect pumpkin right off the vine! As my own children have grown I realize how short of time we have to make these lasting memories and traditions – Traditions I hope my children will continue with their children and my grandchildren."

Families will enjoy a day at the Farm filled with sensational farm experiences and weekly entertainment! From picking your pumpkin, to exciting rides and activities - Mortimer Family Farms cannot be beat! A day at the Mortimer's Farm is a day never forgotten!

The 25 Acre Pumpkin Field is bursting with Pumpkins of every size and variety, ready for your family to select right off the vine! Other fall décor includes Indian Corn, Gourdes, Corn Stalks & sunflowers – ready for the picking!

Mortimer's 15 Acre Corn Maze is a tribute to the fallen 19 Granite Mountain Hot Shots – Carved in memory of the 19 men who died protecting Yarnell on June 30, 2013. Visitors will discover three separate mazes (appropriate for all ages) – sure to provide an A-Mazing Time for all! Don't Worry – Mortimer's will make sure you don't get "Too Lost!"
