As you drive yourself silly spending hundreds on presents, I thought you might want to consider a rather unique holiday gift for yourself, your family and your friends. There's nothing better than making memories on vacation, but with crazy plane fares, many of us are opting out of Christmas travel. However, don't rule it out completely.

Vernon Aviation recently landed at Scottsdale Airpark, offering Valley residents an A-list option for getting out of town. The charter plane service lets you fly in style, accommodating up to nine passengers. The company is quite different than your cliché charter service because they operate esteemed Pilatus aircrafts. This enables them to fly farther, fly faster, and fly cheaper on one tank of fuel.

So, if you're interested in a quick escape, you might want to consider these guys. It's safe, luxurious and affordable, especially when the flight is split among all flyers.

They just released their Scottsdale specials. Intrigued? Take a look...
