[Bodies Revealed](#)

The overwhelmingly popular [Bodies Revealed](#) exhibit is open at [OdySea in the Desert](#) and explores the human body in an intimate and informative way. The 12,000-sq.-ft. exhibition will remain on display until March 2019. Bodies Revealed gives an in-depth view of the complex and intricate network of internal organs and systems in a very up-close and personal way, with more than 200 whole and partial preserved human body specimens. There are nine self-guided galleries, each one providing a detailed look into a specific part of the body, its functions and its importance to the rest of the body.
