EXTRA EXTRA!

Guess who's going to blow us all away?

Drybar, the original blow dry bar that offers you the hair of your dreams for only \$35, is opening April 8 at Scottsdale Quarter! Without the use of scissors or dye, Drybar stylists will give you beautiful hair, washing your tendrils then blowdrying, curling, volumizing, straightening and spraying to perfection.

First, guests are given the option of several fabulous hairstyles to choose from, all named after cocktails. Loose "Cosmopolitan" curls, beachy "Mai Tai" waves or voluminous "Southern Comfort" curls are all on the menu. After a shampoo and optional "floater" scalp massages, customers can enjoy delicious beverages, fun movies and more as they are beautified.

Drybar is perfect for a big night out, wedding, job interview, "meet the parents" evening or any other special occasion that calls for a fabulous 'do. If you're like us, you'll be there frequently.
