Attention beer enthusiasts, World of Beer is opening its landmark in downtown Tempe, offering up a crafty new beer bar of 58 rotating taps from more than 40 different countries (not to mention more than 500 beers from the bottle) on August 8.

World of Beer Tempe will occupy a 100 year old bank building on Mill Avenue and will be the new home of Valley sports fans. As a special perk during the NFL season, WOB will offer complimentary tailgate food for its customers while they enjoy their favorite Sunday game on one of their 23 50-inch TV's. Now that's something we raise our glass to.
