Uber, one of Phoenix's most in-demand private-driver companies, has unveiled a new way to get around town this summer. Uber now offers a selection of luxury SUVs: Suburbans, Yukons, Tahoes, Denalis, Navigators and Escalades. Each SUV can accommodate up to six passengers. Uber offers a base fare of \$14 and charge either \$4.25/mile (when traveling 11mph+) or \$1/minute (when traveling under 11mph).
