The leading private jet company TCS World Travel and the leading luxury yachting company SEADREAM Yacht Club have combined forces to create an experience unlike any other. The "Sea, Sky, Safari" Journey whisks guests away to eight different countries over the course of 20 days (May 5 to May 24, 2017). The countries to be visited include: Spain, France, Italy, Morocco, South Africa, Botswana, Rwanda and Monaco.

"We are thrilled to partner with SEADREAM Yacht Club to extend our journeys to the ocean with our first sea, sky and land expedition to the Mediterranean and Africa," TCS World Travel President Shelley Cline says.

The trip of a lifetime begins on a SEADREAM yacht. While aboard the ship, guests will enjoy ocean views, savory cuisines and luxurious spas. Travelers will visit Barcelona, Cannes, Monte Carlo and more while traveling along the Mediterranean Sea.

The last half of the trip entails traveling to Africa by private jet, the Boeing 757, courtesy of TCS World Travel. While aboard the aircraft, travelers will enjoy Italian leather flatbed seats, iPads with the trip's information and in-flight menus created by TCS World Travel's executive chef. The private jet will give its guests the opportunity to explore destinations such as Rwanda, Botswana and Morocco.

The "Sea, Sky, Safari" Journey is priced at \$107,000 per person, double occupancy. TCS World Travel is the frontrunner of the private jet industry with its 25 years of experience planning a vast array of vacations. The company prides-itself on giving guests the opportunity to travel without a single worry.

SEADREAM Yacht Club is a leader in its industry as well thanks to its twin yachts, SeaDream I and SeaDream II. This yacht club takes great joy in providing travelers with a crew dedicated to serving them and meeting their needs.

For more information about the trip, please visit www.TCSWorldTravel.com. To reserve a spot on the trip, please call 800-454-4149.
