After the holiday weekend, American Red Cross faces a blood shortage and has issued an emergency call for eligible individuals of all blood types to [give now](#). The American Red Cross now has less than a three-day supply of most blood types available – and less than a two-day supply of type O blood – for patients. At least a five-day supply is desired.

How to help: Donors of all blood types, especially type O, are urged to make an appointment to donate using the [Blood Donor App](#), at [RedCrossBlood.org](#) or by calling 1.800.RED CROSS (1.800.733.2767). Donation appointments and completion of a [RapidPass](#) online health history questionnaire are encouraged to help reduce the time it takes to donate.
