Please join us as we turn true stories of abuse and neglect into possibilities, hope, and strong futures.

Together we can help advance our shared vision of keeping children and youth in Arizona safe by creating strong and successful families.

Child Crisis Arizona's first-ever virtual event is taking the place of their annual luncheon. It's a new challenge for non-profits to fundraise solely online but one great benefit to virtual events is no room capacity! I'd love to have you tune in and join us or share this event with your network.

We'll share some of the success we've had this year as well as inspiring stories of individuals who overcame great challenges.

When: Thursday, October 15, 2020, at 9:30 am
