Looking for a one-of-a-kind, memorable experience? Get up-close and personal with history at the Arizona Commemorative Air Force Museum, one of Phoenix's top-rated attractions. Learn how airplanes were used throughout the history of combat. Feel the radial engines on our Warbirds rumble as they come to life.

Our museum is home to authentic war artifacts and hundreds of exhibits that chronicle the stories of people who rose to meet extraordinary challenges. Climb aboard one of the rarest B-17 Bombers in the world, "Sentimental Journey," or better yet, book a once-in-a-lifetime ride on any of our flying WWII airplanes.

Our friendly, knowledgeable docents will bring to life the tales of combat heroes like the Tuskegee Airmen and Women Air Service Pilots who overcame tremendous obstacles to serve our country. Watch aircraft mechanics at work and then stop by our PX Museum Gift Store for unique gifts and war memorabilia.

Join us Monday, October 9 and welcome our Bombers home after their U.S. and Canada Flying Legends of Victory summer tour. On

October 14, bring the family to see our first Vintage Wings and Wheels Car Show. For details and to learn about more events visit us at www.AZCAF.org. You can also buy tickets in advance along with warbird rides and PX Store gifts.

We're an educational non-profit 501(c)3 organization and rely on donations to fulfill our mission of honoring the ingenuity, craftsmanship, and steely resolve of machines and humans alike who saved the world in the deadliest wars of all time.
