You're stuck at home and have gone through all your go-to toys, right?

Here are some new finds for fantastic outdoor play and indoor stimulation for young kids.

### [Double-Sided Inflatable Easel](#)

Take art-time outside! This double-sided easel is wide enough for two kids on each side to enjoy at the same time. Inflates with ease and includes paint, sponges and paintbrushes. Clean off with a hose and use over and over!

### [Jumping Shoes](#)

Made for high-energy kids who love to jump and bounce around! The hard boot shell is adjustable and stabilizes feet and includes a removable liner for easy cleaning. Equipped with a non-slip tread on the bottom. Adult supervision recommended.

### [All-In-One Sports Set](#)

My kids are seriously obsessed with this sporty concoction that includes a legit basketball hoop, basketball rebounder and soccer net. Built sturdy and easy to move around, this set will keep sports fans busy ALL DAY LONG.

### [The Ultimate Water Slide](#)

This super long Dual Water Slide is big enough for two kids to slide at once, flaunting a sprinkler in the middle keeping kiddos soaked the whole time. Includes two inflatable speed boards and four ground stakes for endless slippery fun.

### [2-in-1 Baseball & Tennis Play Set](#)

This set is built for your little baseball (and tennis) all-star. The single pitching machine pairs with the included baseball bat and tennis racket, in addition to 6 Soft EVA Balls. This upgraded version of the original iPlay/iLearn pitching machine adds the addition of a remote-control baseball bat, allowing users to control the pitch times.

### [Pretend Vet Kit](#)

My two-year old thinks he's a vet thanks to Kidzlane's complete doctor set. The kit comes loaded with an assortment of sturdy accessories and a plush puppy, igniting your child's imagination and teaching him how to care for others. The 17-piece bundle includes a food bowl, brush, stethoscope, syringe, patient chart, carry case and more.

### [Color Matching Egg Set](#)

An Easter basket essential! This educational carton of a dozen charming eggs helps preschoolers learn to count, sort, and match! Each plastic egg contains a different color and number, with corresponding pegs and holes.

### [Duck Fishing](#)

Ideal for bath time or backyard water play! Six adorable rubber duckies float around in the water, waiting to be hooked up by the chubby fishing rod that's perfectly sized for young kids.

### [Light Up Dance Mat](#)

Your portable dance party! This arcade style dance game has built-in music tracks and Bluetooth technology. Step, hop and jump onto the blinking arrows, or test your brain to a "Simon Says" memory game. A portable alternative to video games.

### [Road Work Construction Set](#)

For your little builder, opt for this 50+ piece construction set with roadwork accessories. Numerous vehicles, road signs, barricades and more fit comfortably into a 6? storage box that can be converted into an interlocking construction site.
