We are well into 2018! A fresh new year always brings unlimited possibilities. If you're like most of us, you resolved to start some new healthy endeavors in your life this year. In fact, the polls say that Americans' top resolutions include eating better, making exercise a new habit and performing better self-care. Before January comes to an end, we want to make sure you are set up for success! Here are the must-haves you need to keep true to those promises. Of course, all tried and tested and officially obsession-worthy.

Just Bike It

In the U.S., our most popular resolution is to get into shape, which means engaging in regular physical exercise. Of course, the best exercise is the one you're excited to do. Since 2018 is all about getting things done in a fresh, fun way, we are all about the new Women's Circuit by Schwinn. Whether you add a weekday commute to your schedule, and after-work pedal session or take it along on your weekend getaways, the Circuit is speedy and agile for all your fun fitness needs. Powerful mechanical disc brakes supply crisp, efficient stopping, while light and durable alloy rims support Schwinn sport tires to keep the ride smooth as silk. Toss in a cozy Schwinn fitness seat and triple-density ergonomic handlebar grips, and your new workout routine just got comfortable. The Circuit comes with a limited lifetime warranty for as long as you own the bike. Enjoy the freedom of riding a Schwinn! For more information and to purchase, visit
