

PHX Architecture Receives Three Gold Nugget Awards of Merit

Written by Jaclyn Weishar

A trio of PHX Architecture projects- two residential and one commercial remodel- walked away with three honors at the 50th Anniversary of the Gold Nugget Awards.

The Gold Nugget Award is the symbol of recognition of the best work by architects, builders, developers and contractors in the business. It is juried by some of the best, and has been celebrating exceptionally designed and constructed projects for 50 years.

Custom home in North Scottsdale constructed by The Boos Group

This year, PHX Architecture entered three projects, two residential and one commercial remodel, to be judged. The jury panel was carefully selected by the Pacific Coast Builders Conference.

More than 530 project entries were received for all 50 categories, and PHX Architecture was excited to be awarded Awards of Merit for all three submitted projects. It is an honor that distinguishes PHX Architecture from a very competitive field of submissions, and solidifies PHX as a design leader in the West.

Entries included PHX Architecture's design renovation to The Bench Restaurant (formerly Club XIX) in The Lodge at Pebble Beach, Calif., with interiors by Vallone Design Group; a 6,000 sq.ft. custom home in Sedona constructed by Detar Construction; and a 4,000 sq.ft. custom home in North Scottsdale constructed by The Boos Group.

"It's such an honor to be awarded Awards of Merit," said Erik Peterson AIA, principal of PHX Architecture. "These three projects were so diverse and unique, and I am extremely proud of them."

The Gold Nugget Awards are a centerpiece of PCBC- the Building Industry's leading conference, trade show, and meeting place. Combining the prestige of the awards themselves with the excitement of its Academy Awards-style presentation, these awards recognize the architect/builder/developer excellence throughout the U.S. and internationally. The old Nuggets became known as the "Best in The West", an
