Pasadena Dining Table

With its understated and sophisticated design by John Caldwell, Pasadena (pictured above) is a nod to mid-century design and the birthplace of Brown Jordan Company. The sleek collection frame features a smooth, flat aluminum extrusion that is gently curvilinear. Sweeping lines seen on the arms and back legs highlight the beauty of the chair's construction. The entire collection is available in Versatex and Padded mesh options.

Campaign Sling Dining Table

Inspired by the formality and pageantry of imperial design motifs, Campaign is a cast and extruded aluminum collection featuring sling and woven seating options. Handsome details include a cast finial on the arms, cast buns around each joint and at the feet, and epaulets grounding the cross-braces. The woven seat and bucket is fully upholstered, wrapping around front and back, a signature design element of all Brown Jordan woven product.

Verge Dining Table

Verge celebrates one of the most influential designs of the 20th century with its Bauhaus styling. The collection features a powder-coated tubular aluminum framework that is tautly upholstered with a durable Versatex mesh and fitted with stylishly fashioned cushions in UV resistant Suncloth fabrics. The notable mesh panels are held in place by an exclusive vinyl spline technology that results in a clean, refined indoor look with an outdoor application. Tubular legs with foot caps ground the chair, while seats are complemented with scalloped cushions and pillows provide a timeless minimalistic design.

Rich in finely crafted details, Luna elevates the aesthetic of any exterior setting—a private residence, estate property, exclusive club or boutique hotel and resort.
