Stumped by what to get Mom for Mother's Day? Gloria Banuelos of Cos Bar at Kierland Commons shares her expert advice for picking out the perfect beauty gift. Mention *Arizona Foothills Magazine* at checkout to receive a complimentary consultation and deluxe mascara from Clinique.

1. Sakura Zen Foam Shower Gel, \$15

This relaxing, cherry blossom-scented shower gel is a favorite among high-end spas, and for good reason. Upon scrubbing, it turns from a gel to a super sudsy foam, leaving you with beautifully clean, silky-soft skin.

2. Clarisonic Mia, \$99

Busy moms will fall head-over-heels with the Clarisonic Mia, the smallest one-button, one-speed Sonic Skin Cleansing System. Shower-safe and equipped with an international charger, the Mia uses micro-massage action to stimulate the skin, pulling collagen to the surface for a noticeably smoother appearance and smaller pores.

3. Clarisonic Pedi System, \$199

Rather than treating Mom to an overpriced spa pedicure, gift her the tools to pamper herself at home. The Clarisonic Pedi System is designed to smooth and soften dull, rough feet, and includes multiple brush heads for smoothing and buffing, as well as three separate serums for baby soft feet.

4. Amore Pacific Moisture Bound Skin Energy Hydration Delivery System, \$35 travel size, \$50 full size

This oil-free mist, formulated with bamboo sap, is perfect for moms in need of a quick, refreshing pick-me-up. "There's no water to it, so it holds a lot more moisture in your skin and provides instant hydration that lasts up to eight hours," says Banuelos.

5. Mendarino Di Amalfi, \$215

A single spritz of Tom Ford's Mendarino Di Amalfi, a flawless blend of citrus, mint, thyme and wildflower, will transport you directly to the nearest shoreline.

6. Clinique Chubby Sticks, \$16

A nourishing mix of mango and shea butters make up the base of these moisturizing, low-maintenance lip balms (no sharpening required!) Choose from 16 unique tints to help Mom showcase her natural-beauty with just a hint of sheen.
