It's too bad we have a confidentiality clause and I can't blast all these Face of Foothills model pics, because there is some serious Blue Steel action being sent to my inbox. Including the kids of several Valley VIPs.

You name it, we've received it, from local agencies, NYC, LA and Miami agencies and other hotties not yet represented. Know any hot models (or aspiring models) over 18 years old and taller than 5'8"? We're accepting entries through July 15, so be sure to e-mail pics and measurements to faceoffoothills@mediathatdelivers.com.
