It's just getting hot in the Valley, and we're already looking forward to Fall Fashion. Do we have a long, hard road ahead of us, or what?

To those of you who feel our pain and can't wait for the perpetual Arizona resort wear to cease, Neiman Marcus has their [Pre-Fall Collections](#) up and in action on their Web site for previewing and pre-ordering. Whether you're in the market for Roberto Cavalli, See by Chloe, Christian Louboutin, Blumarine, De La Renta or Dior, NM has it ready for your viewing pleasure.
