We've been on a spending freeze, but feel a thaw coming on... thanks to Saks Fifth Avenue's Shoe Spectacular!

For those of you not in the area, Saks Fifth Ave is worth driving to- especially now that they're clearing out their spring inventory to make room for fall. We're talking racks and racks of beautiful, glorious Louboutins, Fendis, Chanel's, Miu Miu's, Choos and more ON SALE. It's like Emerald City in there.
