Sav-On Flowers Designs and Donates Centerpieces for Women Who Move the City Luncheon

Long time Tucson florist **Sav-On Flowers**—along with sister company **Dynamite Event Design**—will graciously lend their design talents to the **Women Who Move the City** luncheon on May 16th. Loews Ventana Resort—host of the event—provides an “always-stunning” venue for décor, says designer Kalyn Stith. Stith, a fourth generation Tucsonan, says he “learned from the best” – his parents, Jim and Bridget - when it comes to not only floral and event design, but also in giving back to his beloved Tucson community. “We have all been active members of this community for over 50 years. It’s a pleasure to have the opportunity to design the centerpieces and honor these 10 amazing ladies,” says Stith. All 10 women will also receive a noted Sav-On signature flower: the circus rose.
