EXTRA! EXTRA!

We keep meeting honest people in Scottsdale and thought we should share our experience. The first one was from Houston's when a server returned a large amount of cash left in a booth, check it out [here](#).

Now meet Kokee Coscina, and W Scottsdale employee who happened to be working at the W Hollywood when a suitcase was misplaced from a car leaving the W Hollywood by mistake. No one seemed to be able to find the bag. A day later, Kokee was working at W Hollywood and answered the phone and knew the people calling from Scottsdale. She was somehow able find the bag and even offered to bring it back to Scottsdale! The best part there was more than \$1,200 in cash inside the bag and it was all there.

Isn't it great to know that there are more and more honest people who live and work in Scottsdale? Thanks, Kokee. You rock.
