The newest phase of residential development in the Heritage District at Verrado includes seven homebuilders, adding more than 630 homes to DMB Associates' Buckeye community, now celebrating its 10th anniversary.

The builder roster includes: AV Homes, Lennar Homes, Maracay Homes, Mattamy Homes, Meritage Homes Corporation, Pinnacle West, and William Ryan Homes. (These are the first neighborhoods in Verrado to feature models by Lennar, Mattamy, Pinnacle West, William Ryan Homes and AV Homes.) Home prices start in the mid-200,000s for the new collection of Heritage District homes.

"Our builders construct homes that offer flexibility, exceed expectations for today's modern living needs and create a sense of place," says Dan Kelly, general manager for Verrado. "In addition, the builders are keeping with Verrado's hometown spirit by creating front porches and diverse, authentic architecture, ideal for Arizona living."
