Wickenburg Ranch Golf & Social Club entices golfers this summer with one of Arizona's best golf experience with its best golf value. Now through September, Wickenburg residents can play the golf course for just \$45 and Arizona residents can play for \$55. Golf fees include golf, use of golf cart, use of the practice facility, and a Travis Mathew polo shirt. Through the summer, tee times can be made 15 days in advance of play, and the golf course is open Thursday through Sunday, only. Wickenburg Ranch limits the number of players per day and spaces tee times to a generous 12 minutes apart.

"We had an outstanding start this past winter," says Justin Henderson, Head Golf Professional at Wickenburg Ranch Golf & Social Club. "Our guests were blown away by the golf course and its exceptional conditioning. We sold out every available tee time for something like four months in a row. We received tremendous reviews by the golf media, including being nominated for consideration among the best new courses in the nation by Golf Digest. And, we had our first golf members join the club. So far, there's been no let up this summer, and we are proud to give more guests the opportunity to experience golf at Wickenburg Ranch."
