The Shops at Norterra is helping Valley school children avoid the "summer slide" and keep up their reading skills during summer break. Now through July 31st, kids ages 6 to 12 are encouraged to read every day and track the number of minutes they read to earn prizes from participating stores and restaurants.

The Shops at Norterra's Summer Reading Rewards program provides an opportunity for kids to track the number of minutes they read independently each day on a reading log. They can then turn in their [reading logs](#) at the Norterra Management Office after reaching each Reading Rewards Level and receive a prize.
