For primo pampering post-round or while your significant other is on the greens, The Ritz-Carlton, Dove Mountain has spa specials to please.

A golfer's back can be a tough ailment to deal with. Sometimes it lasts a few hours, perhaps, even a few days (dare I say weeks). Something I've learned from many dual golf/spa packages is that total relaxation following the round can significantly improve long-term effects and pain. While most golf resorts these days have massage packages designed specifically for those who frequent the fairways, don't be hesitant to create your own while perusing a spa menu.

Take for example, the Ritz-Carlton Spa, Dove Mountain, which recently introduced a new "Summer Surrender" spa and salon series featuring a 25-minute facial or 25-minute massage, each priced at \$85, and a 50-minute combined manicure and pedicure also offered at \$85. It would be easy and quite affordable to squeeze in these quick treatments after a round of golf.

Guests experiencing any or all of the three new \$85 selections will receive complete access to The Ritz-Carlton Spa, including usage of its luxurious relaxation facilities, as well as entry to the spa's private, infinity-edged serenity pool and tanning island.

Guests taking advantage of any of the three new Summer Surrender selections may also arrive early or stay afterward for lunch, enjoying healthful spa cuisine either poolside or within the spa itself (for even more relaxation).

The resort's 25-Minute Massage and 25-Minute Facial are designed to relax and hydrate during the Sonoran Desert summer, while the combined manicure and pedicure package help to provide the ultimate in nail replenishment. Designed to present the spa and salon's most requested treatment options in a quick and easy time frame, Summer Surrender is offered seven days a week at The Ritz-Carlton Spa, Dove Mountain and is available to hotel and local guests aged 18 years and above. Further highlighting the resort spa menu this summer is a special 15% July savings on the cooling 50-minute Desert Rain Vichy Exfoliation, a luxurious water treatment which detoxifies, hydrates and includes an organic body scrub and body cream application.

The Summer Surrender spa offering follows the resort's recent announcement of a new \$179 summer room rate and a popularly-received Family Escape package, priced from \$199 per night and featuring deluxe accommodations; breakfast, lunch and dinner for two children per room (12 and under); and a \$50 resort credit.
