Looking for the perfect bedroom pieces for your little one on the way? Look no further. Here is a list of some of the best baby furniture and accessories fitting for any nursery.

The Bugaboo 'Cameleon' Stroller in black canvas is for the mom who does it all. It has a reversible and independent seat and bassinet with a three-position tilting seat and adjusts to car seats. It literally adapts to whatever environment you may be in. \$880, www.shop.nordstrom.com.

Your little one will love this soft, cuddly, plush ALEX Toys Sheep Rocker. It is built of solid wood construction and is suitable for babies up to 30 pounds. So let your baby rock away, comfortably that is. \$120, www.bloomingdales.com.

This gorgeous Larkin Fixed Gate Sleigh Crib from Pottery Barn Kids is exactly what every nursery needs. It has a solid hardwood frame along with a mattress platform that has three height options for those growing babies. \$999, www.potterybarnkids.com.

The Larkin Collection also includes the Larkin Hi-Lo Changing Table with three drawers and a side cabinet that can accommodate a diaper pail. And when your child grows up, it can easily be transitioned into a dresser. \$1,099, www.potterybarnkids.com.
