This summer, seduce the streets with the new, sleek 2012 CLS550. Mercedes-Benz is bringing sexy back with this CLS-Class Luxury model, giving you another asset to show off.

At first glance, the 2012 CLS550 has curves that are begging to be flaunted. This modern spin on their classic coupe features a perfectly sculpted body that remains true to the Mercedes-Benz image. With an upward-arching roofline, the CLS550 shares a seductive "hello" with its four passengers unlike any other CLS-Class model. Chrome finishing compliments the CLS550 and sets it assail the breeze as it zooms down the road.

Speaking of zooming, under the hood of this coupe lies a 402-hp 4.6L twin-turbo V-8 engine, accelerating the car at 5.1 seconds- now that's fast. The CLS550 has a refined 7-speed automatic transmission with adaptive features to help match your driving style and allow for smooth cruising. Steer with the utmost precision with the CLS550's new electromechanical steering and adaptive brakes.

Impressed yet? If not, the interior of the CLS550 will do the trick. Rich leather upholstery envelopes all four seats, the door trim, and the center console, perfectly completing the hand-finished wood. The 14-way power seating adjustments will help you find the perfect position to sit in that'll have you feeling like your rested upon your throne. Save your seating moods with the car's 3-position memory. The dual-zone automatic climate control allows you and your front-seat passenger to find a temperature that's just right for combating the Valley heat.

Safety is definitely not an issue. The CLS550 comes equipped with 10 airbags to keep all passengers protected. The PRE-SAFE feature uses technology to detect any unsteadiness and then tightens the seatbelts and closes the sun roof and windows just in case. The Electronic Stability Program, a Mercedes-Benz first, monitors your driving and keeps you on your path safe and sound.

Once you're feeling comfy, it's time to indulge in the all the features the CLS550 has to offer. Take charge of your car with Enhanced Voice Control, Bluetooth connectivity, and the COMAND system with a high-resolution LCD screen. Play audio or video through the 14-speaker harman/kardon LOGIC7 sound system accompanied by Dolby Digital 5.1- that's what we call music to our ears.

As if all of that weren't enough, Mercedes-Benz has a plethora of optional features and accessories for an ultimate ride: Occupy your back-seat passengers with the Rear-Seat Entertainment System; Park with ease using PARKTRONIC with Active Parking Assist; Keep your fingers nice and toasty with a heated steering wheel; Push to start your engine with KEYLESS-GO. There are so many possibilities for customizing your CLS550.
